MEMO FOR THE MOVEMENT

Conservatives Support Mick Mulvaney

October 24, 2019
Washington, DC

Conservatives are proud to support the role Mick Mulvaney continues to play in the Trump Administration. Recent news reports demonstrate that the D.C. Swamp is attacking him—and we believe it is because he has been the most successful Chief of Staff in this administration to advance the Trump pro-America agenda.

Mulvaney has been a trusted ally of the conservative movement since his days in the South Carolina state legislature, and in the U.S. Congress. He is a proven leader, and an outspoken advocate of conservative principles and policies. He worked to craft the president's budgets which called for cutting more wasteful spending than any president in history. Mulvaney also worked alongside President Trump in the White House on efforts to rebuild the military, cut taxes for working families, cut regulatory red tape, and unleash American energy.

He has worked diligently on all of these issues on behalf of President Trump's agenda, which has led to unprecedented job and economic growth, and he's done so in the face of opposition from the liberal media, Democrats and even from within the administration.

As director of the Office of Management and Budget and as acting White House Chief of Staff, Mulvaney has overseen the office most responsible for implementing the Trump agenda throughout the government. His attention, vision, and commitment to the president's policies has been evident from the beginning of the administration to today. We believe the president should make him permanent in the Chief of Staff role.
